In addition to this text, each book has also brought an introduction, or teaser, to its history. The war takes on a deeper meaning for Jake when he discovers that his older brother Tom was infested with a Yeerk, he is also one of the only things that keeps him together throughout the series; If not for this, it probably breaks from all pressure and life -taking decisions. Well, we will not let us find us. DRODE: Drode is an alien creature, described as similar to a very dark purple dinosaur with wrinkled skin, plum, and a strangely humanoid face. Archived by the original on April 20, 1999. And you? Tobias: Tobias has low self -esteem and was often bully at school before becoming an animorph 6 narrators are used, one for each of the main characters. Cassie loves nature and animals. Filed under the original on 10 December 2008. Applegate tried to accurately describe the various animals, and has done research how to visit "a Raptor center where the injured birds rehabilitate". [7] "When Tobias becomes a hawk, I want the reader to see the world like a hawk could see it â €" to get on the warm breeze and hurt the ground to make a murder, "he said. [7] To develop the characters of Animorphs, Applegate would pass through adolescent magazines such as YM and Seventenen (both referred to in the books when describing Rachel), cutting out the images and performing them together to obtain an idea of what kind of children The Animorphs would be similar. Auxiliary Animorfs: these were teenagers recruited by hospitals and rehabilitation centers where they were treated for chronic diseases or learning to live with disabilities. for Crayak corner, its evil counterpart, because this fight would cause galactic destruction. But know that the end is coming. Development in an interview with Publishers Weekly, Applegate spoke of the source of inspiration and realization for the Animorphs series: "I grew up loving animals and lived with the usual suburban menager of dogs, cats and gerbil", he said "I really wanted to find A way to let the children enter the head of various species and decided that a science fiction premise was originally conceived as a three -part series called The Changelings, in which Jake was appointed Matt, and his younger brother Joseph took the place of Cassie. [5] Published between June 1996 and May 2001, the series consists of 54 books and includes ten books of companions, eight of which adapt to the continuity (the Alternamorphs books). He thinly orchestly many events that are the key to the series. Born a Andalite, his father Seero gave Yeerks technology to leave their Christmas planet and to start their research to dominate the universe. They depend on the Kandrona rays to survive, and they have to leave their masters every three days to enter a Yeerk swimming pool where they can absorb these rays. One of the author's favorite books, The Lord of the Rings, lent several words and images to Animorphs: the word Elvish for Orc, "Yrch", became Yeerk; Sauron's flaming red eye inspired Crayak, and the average name of Ax, "Esgarrouth", is based on a city in the books called Esparoth.
